Experience

Rakuten India Enterprise Private Limited

Product Designer | Nov 2022 - Present

Project 1 | Learning Management System (B2C SaaS | EdTech)

- Redesigned the end-to-end LMS experience by modernizing **20+ Web & Mobile screens** and overhauling core user flows, improving usability and visual coherence.
- Built **role-based dashboards** (Admin, Manager, Learner) that streamlined course creation, analytics, and progress tracking, boosting engagement and efficiency.
- Conducted **usability testing** with diverse user roles, reducing support queries by 25% through validated, user-driven improvements.
- Partnered **cross-functionally** with PMs, developers, and QA, cutting design-to-dev feedback cycles by 40% via smoother handoffs.

Project 2 | Pecaro (B2B SaaS | FinTech)

- Designed and delivered Pecaro, a **finance management platform** that streamlined the end-to-end billing process.
- Optimized **finance workflows** for reviewing, verifying, and processing vendor bills, reducing manual overhead.
- Created vendor-facing flows** for payment requests and expense tracking, ensuring transparency and timely settlements.
- Improved usability and collaboration between finance teams and vendors, enhancing accuracy and efficiency.

Project 3 | Internal Communication Platform (Enterprise | B2E)

- Led end-to-end design of a cross-regional Internal Communication Platform for a global MNC, delivering **wireframes**, high-fidelity UIs, and **prototypes** in Figma.
- Designed **20+ responsive screens** (chat, video announcements, threads, admin tools, regional filters, newsfeed) to streamline company-wide communication.
- Introduced **scalable design patterns** for notifications, content moderation, and approval workflows, improving trust and consistency.
- Recognized globally** in **Rakuten's Monday Morning Meeting** for impactful product design and contribution to cross-regional communication.

Project 4 | Evolve (Enterprise SaaS | B2E | HRTech)

- Led product design for a **360° feedback system** enabling structured peer, manager, and stakeholder evaluations across leadership, problem-solving, and communication.
- Designed wireframes, prototypes, and UI components within the design system to ensure scalability, usability, and visual consistency across products.

Surggy Innovation Labs

User Experience Designer | Jun 2021 - Oct 2022

- Designed e-commerce and non-commerce websites & apps with a focus on usability, visual appeal, and end-to-end UX strategy.
- Developed UX case studies (personas, journeys, IA, flows) and leveraged AI-powered tools to accelerate design iteration and validation.
